

Clothing and Oral Hygiene

Please can you ensure that your child's clothing, bag and drink bottles are labelled- this will help the team to return those items back to you safely.

Spare Clothing

Spare clothes are a must during our approach to cooler weather as we are limited with available clothing within the setting.

Please provide the following;

- Socks
- Trousers/Leggings
- Underwear
- Top
- Jumper

Wet weather gear!

Don't forget the wet weather gear, including;

- Wellies
- Waterproof coat
- Waterproof trousers

Oral Hygiene

With the start of a new academic year, we are asking our parents to bring a toothbrush and toothpaste (labelled) to support healthy teeth and gums.

This will be supported during the morning session, encouraging correct brushing to protect from tooth enamel and decay.

Healthy Under 5's

Juice Free Zone

Our SMART Nurseries strive to provide children with a nutritious morning snack, including; a carbohydrate, dairy, vegetable and fruit with a choice of water/milk.

Did you know?

"When your child drinks sugars, the bacteria in your child's mouth mixes and creates a mild acid which can attack your child's tooth enamel causing decay and cavities"

Juice Free Zone

Our settings will continue to support our no juice policy, we ask parents to provide your child with water in your child's bottles in support with our Healthy Under 5's as juice will be removed.

Tapestry

We are very excited to be launching Tapestry the week commencing the 6th November. Practitioners have started gathering evidence and pictures to support observations that will be uploaded when we activate your child's account.

We are having support with WIFI connection over next week and we are really looking forward to successful uploads and communications between nursery and home upon our return on 30/10

If you have consented to your child's photo being taken but not within a group, please rest assured that if a picture is uploaded within a group this will not be shared with other parents.
